## **(2) Who says**

Who says, in the society, woman treats respectfully  
then what?  
by calling harlot, bitch, prostitute disrespects her.

Who says, in the society, looks like a lady as able  
then what?  
by setting her ablaze, builds temple in her ash  
and by making naked disrespects her.

How stone hearted society  
as per tradition he told the lady as goddess  
then what?  
after completion of wish  
she leaves in the name of god as prostitute.

At the time of marriage  
before holy fire by rounding seven steps  
and by putting cheese on holy fire  
takes lot of more swear for the happiness of bride  
then what?

## **she has beaten by fists, kicks and shoe**

**Who says, woman looks woman with due respect**

**then what?**

**by raising quarrel chitchatting against each other**

**by uttering filthy words called her as prostitute.**

**This society is like eunuch**

**one side he worships goddess**

**and another side by uttering filthy slogans**

**he heats his woman (wife)**

**Who says, in the society, woman treats respectfully**

**then what?**

**she has treated as cattle.**

### **(3) Label**

Label on shoes, label on cloths,

Label on each and every thing

label of caste permanently sticks on human being

He is this caste and she is that caste

divided the human beings for personal benefits

man has kept away humanity

by saying priceless product

man makes man as useless

By raising sell

man has put man under the toe of shoe

“buy one get one free”

on this theme

man has sold the man

Like slack season man made man as penniless

by putting measures of standard

**like rich and poor quality**

**man has kept aside the man.**

**By using “use and throw” policy**

**due to ego, man forgets the man**

**one day may not come the situation like sink boat**

**may not lapse the culture with human being.**

## **(4) God**

God

of stone of small or big stone  
coloured by paints  
man bow down to him  
wholeheartedly he worships him

Man

of skin & bone having mind & feeling  
poor-rich, black-white  
by dividing in different castes, categories  
we put name to him

By possessing faith

build temples, guest houses for god  
but due to the feelings of touchability & un-touchability  
he fastening black on the humanity

**For stone he possesses sympathy**

**but for poor, homeless & hungry people**

**he has no time**

**For feeling less & dead stone**

**he has lot of more fund and food**

**for that dead stone he used to give feast**

**but instead of poor & handicapped**

**healthy and wealthy dining there**

**“We all human being”**

**forget this principle by all people**

**for the god of stone**

**by making worships, chanting songs**

**they admiring the god**

**but man who is one of us, keeping aside him,**

**how they are?**

## (5) Man

How shameless man is  
he knows due to liquor  
man makes beggar  
and it is not good thing  
but by forgetting everything  
he consumes liquor.

Everyday there are news in the newspaper  
like “for liquor he has committed suicide..”  
“for liquor he mortgaged the property...”  
how stone hearted he is  
due to habit of liquor  
he has no care about his family & child.

If wife raises voice & gets angry  
he takes swearing of child  
holds god on hands  
but, next day, by forgetting everything

he drinks by going liquor shop full swing.

He has no care of himself

but for the habit of liquor

after telling & swearing lie

he makes life futile of his family

whether he is man?

he is the blot on humanity.

It is my request to the people

please do not drink,

It is poison, due to which life never arisen.
